MEMORANDUM FOR : Acting Director of Central Intelligence

SUBJECT : Interim Appointments to TSCC Positions

In response to your request for nominations for an Acting Chairman of the TSCC to replace [redacted] I see no problems with Mr. Marvin Gentile of State taking over that position until a permanent Chairman can be named. Mr. Gentile is thoroughly familiar with the personnel and procedures of the TSCC and has the stature required to lead the group. The Committee Secretariat position, currently held by [redacted] should be temporarily filled by an OTS officer who knows that unit's technical capabilities and has a good working knowledge of the community's security and technical assets. [redacted] GS-15 currently assigned to the office of the Chief OTS/D&E, has those qualifications and can be made available on a part-time basis until a more permanent arrangement can be made. Finally, the secretarial position, currently ably filled by [redacted] should be continued on the IC Staff to provide continuity and full-time, detailed knowledge of the committee files and procedures.
